## Education

**Vishwakarma Institute Of Information Technology,Pune**  
*Bachelor of Technology in Computer Science and Engineering*

Sep 2023 – May 2026  
Pune, India

## Experience

**Poornayash Infotech**

*Web Developer Intern*

June 2022 – August 2022

Ahmednagar, Maharashtra

- Gained practical proficiency in **HTML**, **CSS**, **JavaScript**, **PHP**, and **SQL** during a six-week training program.
- Built a responsive news portal and e-commerce website using PHP and Bootstrap, enhancing project experience.
- Connected MySQL databases with web applications via XAMPP, improving backend connectivity and management.

## Projects

**Library Management System** | *HTML, CSS, PHP, MySQL*

February 2023

- Implemented secure user authentication using PHP to ensure restricted access, enhancing overall system security.
- Managed book and student records through efficient CRUD operations, streamlining database interactions.
- Utilized XAMPP and MySQL for seamless database management, improving data retrieval and storage efficiency.

**Food Delivery App** | *React.js, Express.js, Node.js, MongoDB*

April 2024

- Developed secure user signup and login with token-based authorization, ensuring robust account protection.
- Built an admin panel with **CRUD** operations to manage food items, streamlining backend operations.
- Implemented intuitive add-to-cart functionality, enhancing the user shopping experience.

**Crop Recommendation System** | *React.js, Machine Learning, Node.js, MongoDB*

May 2024

- Developed a Crop Recommendation System using **LightGBM** to analyze user inputs like N, P, K, and climate.
- Provided personalized crop recommendations based on these inputs, enhancing agricultural decisions.

## Technical Skills

**Languages:** Python, Java, HTML/CSS, JavaScript, Android, PHP

**Databases:** MySQL, MongoDB

**Developer Tools:** VS Code, Android Studio, PyCharm, Google Colab, XAMPP

**Technologies/Frameworks:** GitHub, React.js, Bootstrap, Tailwind CSS

## Social Engagements

**Android Team Member** | **GDSC, VIIT**

2023 – 2024

- Managed Android team activities & project workflows, ensuring smooth execution & effective collaboration.

**Technical Joint Head** | **Codechef, VIIT**

2023 – 2024

- Coordinated technical events and activities, fostering a collaborative environment for skill development.

**Class Representative and Hostel Representative** | **Government Polytechnic Ahmednagar**

2022 – 2023

- Demonstrated effective communication & organizational skills as a mediator between students and faculty.

**Vishakha Committee Member** | **Government Polytechnic Ahmednagar**

2022 – 2023

- Contributed to creating a safe & inclusive environment through active participation in committee activities.
